

Roman Catholic Diocese of Owensboro
600 Locust Street
Owensboro, Kentucky 42301
270-683-1545

Effective Date: 09/01/2023

Employee & Eligible Beneficiaries,

As an employee of Roman Catholic Diocese of Owensboro and participant in our employee benefit programs, you and your beneficiaries may have various rights and privileges related to these programs. Laws governing health care require us to provide you with these notifications. Listed below are important notices to retain for your records. In the past, many of these notices were sent individually and are now grouped together to more clearly communicate your rights, and to simplify distribution. If you have any questions please contact **Mary L. Hall, Director of Human Resources Benefits, Roman Catholic Diocese of Owensboro at: 270-683-1545.**

For individuals who elect to waive coverage, some of these notices will not apply to you. See the plan administrator for further details.

IMPORTANT INFORMATION

Medicare Part D Notice

Medical Plan: Medical

Insurer: Anthem

About Your Prescription Drug Coverage and Medicare

This notice has information about your current prescription drug coverage and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- We have determined the prescription drug coverage offered by the Anthem, Medical plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore **considered Creditable Coverage**. Because your existing coverage is Creditable

Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. Plan participants are eligible if they are within three months of turning age 65, are already 65 years old or if they are disabled. However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage will be affected. Refer to your plan documents provided upon eligibility and open enrollment or contact your provider or the plan administrator for an explanation and/or copy of the prescription drug coverage plan provisions/options under the plan available to Medicare eligible individuals when you become eligible for Medicare Part D.

For more guidance, visit <http://www.cms.hhs.gov/CreditableCoverage/> which outlines the prescription drug plan provisions/options Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

If you do decide to join a Medicare drug plan and current coverage is dropped, be aware you and your dependents will not be able to get this coverage back. Refer to plan documents or contact your provider or the plan administrator before making any decisions.

***Note:** In general, different guidelines exist for retirees regarding cancelation of coverage and the ability to get that coverage back. Retirees who terminate or lose coverage will not be able to get back on the plan unless specific contract language or other agreement exists. Contact the plan administrator for details.*

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know if you drop or lose your current coverage and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage...

Contact the person listed at the beginning of this notice. You will get this notice each year. You will also get it before the next Medicare part D drug plan enrollment period and if this coverage changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

Visit www.Medicare.gov or call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help. Call 800-MEDICARE (800-633-4227). TTY users should call (877) 486-2048. If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov or call (800) 772-1213 (TTY 1-800-325-0778).

Remember to keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NOTIFICATIONS

Grandfathered Plan

Roman Catholic Diocese of Owensboro believes this (Anthem, Medical) plan/coverage is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan/policy may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the contact individual listed at the top of this notice report. For ERISA plans, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272

or visit: <https://www.dol.gov/sites/dolgov/files/EBSA/laws-and-regulations/laws/affordable-care-act/for-employers-and-advisers/grandfathered-health-plans-provisions-summary-chart.pdf>. *

*This website has a table summarizing which protections do and do not apply to grandfathered health plans. For individual market policies and nonfederal governmental plans, you may also contact the U.S. Department of Health and Human Services at <http://www.hhs.gov/>.

Health Insurance Portability and Accountability Act of 1996 (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires that we notify you about important provisions in the plan. You have the right to enroll in the plan under its "special enrollment provision" provided that you meet participation requirements, if you marry, acquire a new dependent, or if you decline coverage under the plan for an eligible dependent while other coverage is in effect and later the dependent loses

that other coverage for certain qualifying reasons. Special enrollment must take place within 30 days of the qualifying event. If you are declined enrollment for yourself or your dependents (including your spouse) while coverage under Medicaid or a state Children's Health Insurance Program (CHIP) is in effect, you may be able to enroll yourself and your dependents in this program if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after you or your dependents' Medicaid or CHIP coverage ends. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or a CHIP program with respect to coverage under this plan, you may be able to enroll yourself and your dependents (including your spouse) in this plan. However, you must request enrollment within 60 days after you or your dependents become eligible for the premium assistance. To request special enrollment or obtain more information, contact the plan administrator indicated in this notice.

HIPAA Notice of Privacy Practices

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires that we maintain the privacy of protected health information, give notice of our legal duties and privacy practices regarding health information about you and follow the terms of our notice currently in effect.

HIPAA regulations will be followed in administrative activities undertaken by assigned personnel when they involve protected health information (PHI) and e-PHI.

The company has adopted a policy that protects the privacy and confidentiality of PHI whenever it is used by company representatives. The private and confidential use of such information will be the responsibility of all individuals with job duties requiring access to PHI in the course of their jobs.

PHI refers to individually identifiable health information received by the company's group health plans and/or received by a health care provider, health plan or health care clearinghouse, and includes information regarding medical conditions, health status, claims experience, medical histories, physical examinations, genetic information and evidence of disability.

All information related to enrollment, changes in enrollment and payroll deductions, aiding in claims problem resolution and explanation of benefits issues, and assistance in coordination of benefits with other providers will be maintained in confidence. Employees shall not disclose PHI from these processes for employment-related actions, except as provided by administrative procedures approved by Human Resources.

The Company will consider any breaches in the privacy and confidentiality of handling of PHI to be serious, and disciplinary action will be taken in accordance with our code of conduct.

Company records that are governed by this policy will be maintained for a period of no less than six years. Questions or issues regarding PHI should be addressed with Human Resources.

You may request a copy of the current Privacy Practices from the Plan Administrator explaining how medical information about you may be used and disclosed, and how you can get access to this information. ***As Required by Law***, we will disclose Health Information when required to do so by international, federal, state or local law.

You have the right to inspect and copy, right to an electronic copy of electronic medical records, right to get notice of a breach, right to amend, right to an accounting of disclosures, right to request restrictions, right to

request confidential communications, right to a paper copy of this notice and the right to file a complaint if you believe your privacy rights have been violated.

Special Enrollment Notice

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage) provided that you meet participation requirements. However, you must request enrollment within 30 days (or any longer period that applies under the plan) after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days (or any longer period that applies under the plan) after the marriage, birth, adoption, or placement for adoption. To request special enrollment or obtain more information, contact the plan administrator mentioned above.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

The Uniformed Services Employment and Reemployment Rights Act (USERRA), protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

Reemployment Rights

You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:

- You ensure that your employer receives advance written or verbal notice of your service;
- You have five years or less of cumulative service in the uniformed services while with that particular employer;
- You return to work or apply for reemployment in a timely manner after conclusion of service; and
- You have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

Right to Be Free from Discrimination and Retaliation

If you are a past or present member of the uniformed service; have applied for membership in the uniformed service; or are obligated to serve in the uniformed service; then an employer may not deny you: initial employment; reemployment; retention in employment; promotion; or any benefit of employment because of this status. In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.

Health Insurance Protection

If you leave your job to perform military duty of more than 30 days, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to

be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries. For military service of less than 31 days, you are entitled to your existing employer-based health coverage for you and your dependents as if you were employed continuously and will continue to pay your regular premium.

Enforcement

The U.S. Department of Labor, Veterans Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations. For assistance in filing a complaint, or for any other information on USERRA, contact VETS at **1-866-4-USA-DOL** or visit its website at <http://www.dol.gov/vets>. An interactive online USERRA Advisor can be viewed at <http://www.dol.gov/elaws/userra.htm>. If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice or the Office of Special Counsel, as applicable, for representation. You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA.

Genetic Information Nondiscrimination Act of 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to any requests for medical information, if applicable. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Michelle's Law

Michelle's Law is a federal law that requires certain group health plans to continue eligibility for adult dependent children who are students attending a post-secondary school, where the children would otherwise cease to be considered eligible students due to a medically necessary leave of absence from school. In such a case, the Plan must continue to treat the child as eligible up to the earlier of:

- The date that is one year following the date the medically necessary leave of absence began; or the date coverage would otherwise terminate under the Plan.

For the protections of Michelle's Law to apply, the child must:

- Be a dependent child, under the terms of the Plan, of a participant or beneficiary; and
- Have been enrolled in the Plan, and as a student at a post-secondary educational institution, immediately preceding the first day of the medically necessary leave of absence.

"Medically necessary leave of absence" means any change in enrollment at the post-secondary school that begins while the child is suffering from a serious illness or injury, is medically necessary, and causes the child to lose student status for purposes of coverage under the Plan.

If you believe your child is eligible for this continued eligibility, you must provide to the Plan a written certification by his or her treating physician that the child is suffering from a serious illness or injury and that the leave of absence is medically necessary.

If you have any questions regarding the information contained in this notice or your child's right to Michelle's Law's continued coverage, you should contact the Plan Administrator.

Discrimination is Against the Law

The Company complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. The Company does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

The Company:

Provides free aids and services to people with disabilities to communicate effectively, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, etc.)

- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the plan administrator.

If your Company has fifteen (15) or more employees and you believe that The Company has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, refer to the Plan Administrator for Grievance Procedures or if you need help filing a grievance can be filed in person, by mail, fax, or email.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

Centralized Case Management Operations
U.S. Department of Health and Human Services
200 Independence Avenue, SW

Qualified Medical Child Support Order (QMCSO)

A Qualified Medical Child Support Order (QMCSO) is a medical child support order issued under state law that creates or recognizes the existence of an "alternate recipient's" right to receive benefits for which a participant or beneficiary is eligible under a group health plan. An "alternate recipient" is any child of a participant (including a child adopted by or placed for adoption with a participant in a group health plan) who is recognized under a medical child support order as having a right to enrollment under a group health plan with respect to such participant is an alternate recipient. Upon receipt, the administrator of a group health plan is required to determine, within a reasonable period of time, whether a medical child support order is qualified, and to administer benefits in accordance with the applicable terms of each order that is qualified. In the event you are served with a notice to provide medical coverage for a dependent child as the result of a legal determination, you may obtain information

from your employer; know the rules for seeking to enact such coverage. These rules are provided at no cost to you and may be requested from your employer at any time.

Women's Health and Cancer Rights Act (WHCRA)

The Women's Health and Cancer Rights Act (WHCRA) of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). Call your health insurance issuer for more information.

This notice informs you of the Federal regulation that requires all health plans that cover mastectomies to also cover reconstruction of the removed breast. If you have had or are going to have a mastectomy, you may be entitled to certain benefits. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator at the number listed at the front of this document.

Newborns' and Mothers' Health Protection Act (NMHPA)

Newborns' and Mothers' Health Protection Act requires that group health plans and health insurance issuers who offer childbirth coverage generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). Refer to your plan document for specific information about childbirth coverage or contact your plan administrator.

Rescissions

The Affordable Care Act prohibits the rescission of health plan coverage except for fraud or intentional misrepresentation of a material fact. A rescission of a person's health plan coverage means that we would treat that person as never having had the coverage. The prohibition on rescissions applies to group health plans, including grandfathered plans, effective for plan years beginning on or after September 23, 2010.

Regulations provide that a rescission includes any retroactive terminations or retroactive cancellations of coverage except to the extent that the termination or cancellation is due to the failure to timely pay premiums. Rescissions are prohibited except in the case of fraud or intentional misrepresentation of a material fact. For example, if an employee is enrolled in the plan and makes the required contributions, then the employee's coverage may not be

rescinded if it is later discovered that the employee was mistakenly enrolled and was not eligible to participate. If a mistake was made, and there was no fraud or intentional misrepresentation of a material fact, then the employee's coverage may be cancelled prospectively but not retroactively.

Should a member's coverage be rescinded, then the member must be provided 30 days advance written notice of the rescission. The notice must also include the member's appeal rights as required by law and as provided in the member's plan benefit documents. Please be aware that if you rescind a member's coverage, you must provide the proper notice to the member.

Health and Wellness Program

Roman Catholic Diocese of Owensboro provides a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you may be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You may also be asked to complete a biometric screening, which could include a blood test for blood related conditions such as diabetes. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program may receive an incentive. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive the incentive.

Additional incentives may be available for employees who participate in certain health-related activities or achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. Please speak with **Mary L. Hall, Director of Human Resources Benefits, Roman Catholic Diocese of Owensboro at: 270-683-1545** for specific details regarding incentives, participation requirements or to request reasonable accommodations or alternative standards.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Roman Catholic Diocese of Owensboro may use aggregate information it collects to design a program based on identified health risks in the workplace, the Company's wellness program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be

provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is (are) authorized health coaches, nurses or providers in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact **Mary L. Hall, Director of Human Resources Benefits, Roman Catholic Diocese of Owensboro at: 270-683-1545.**

Family and Medical Leave Act (FMLA)

The Family and Medical Leave Act (FMLA) entitles eligible employees of covered employers to take unpaid, job-protected leave for specific family and medical reasons if the employee has been with the company for one year, has worked at least 1250 hours during the prior 12 months and works in an area where there are at least 50 employees within 75 miles. Public agencies as well as public and private secondary schools are covered employers without regard to the number of employees employed. For additional details, visit the Department of Labor [FMLA page](#).

Notify the Company when you have a qualifying leave such as birth or adoption of a child, a serious health condition, to care for a spouse, child or parent with a serious medical condition or for reservist or National Guard provisions related to you or an immediate family member leaving for military duty or being injured in active duty.

If you are on a qualified leave and any of the circumstances pertaining to your leave change, you must notify the company of the change.

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act (MHPA/MHPAEA) require that group health plans not unfairly restrict treatment with regards to benefits/services applicable to mental health or substance use disorders. In general, coverage limits (both financial requirements and treatment limits) cannot be applied to mental health

and substance use disorder benefits unless those limits are comparable to limits applied to medical and surgical benefits. Additional information and details can be found by visiting the Department of Labor's Mental Health Parity webpage locate at <https://www.dol.gov/agencies/ebsa/laws-and-regulations/laws/mental-health-and-substance-use-disorder-parity>.

You may request information from your employer-sponsored health plan or your group or individual market insurer regarding treatment limitations that may affect your access to mental health or substance use disorder benefits, including nonquantitative treatment limitation (NQTL) analysis. If you, a family member, or someone you are representing obtains health coverage through a private employer health plan, federal law requires the plan to provide certain plan documents about your benefits, including coverage limitations on your benefits, at your request. For example, you may want to obtain documentation as to why your health plan is requiring preauthorization for visits to a therapist before it will cover the visits. Generally, the plan must provide the documents you request within thirty (30) calendar days of the plan's receipt of your request. To request this information, contact your Plan Administrator.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

“Out-of-network” describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

Effective January 1, 2022, you are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is

your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
 - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact HHS, in coordination with the Department of the Treasury, Department of Labor and the Office of Personnel Management at 1-800-985-3059.

Visit <https://www.cms.gov/nosurprises/consumers> for more information about your rights under federal law.
