Important: This is not an insured benefit plan. The benefits described in this Benefit Booklet or any rider or amendments hereto are funded by the Employer who is responsible for their payment. Anthem Health Plans of Kentucky, Inc. dba Anthem Blue Cross and Blue Shield provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.
This Benefit Booklet has been prepared by the Administrator, on behalf of the Employer, to help explain your health benefits. This document replaces and supersedes any Benefit Booklet or summary that you have received previously. Please read this Benefit Booklet carefully, and refer to it whenever you require medical services.

This Benefit Booklet describes how to get medical care, what health services are covered and not covered, and what portion of the health care costs you will be required to pay. Many of the provisions in this Benefit Booklet are interrelated; therefore, reading just one or two sections may not give you an accurate impression of your coverage. You are responsible for knowing the terms of this Benefit Booklet.

This Health Benefit Booklet overrides and replaces any Health Benefit Booklet previously issued to you. The coverage described in this Benefit Booklet is based upon the conditions of the Administrative Services Agreement issued to your Employer, and is based upon the benefit plan that your Employer chose for you. The Administrative Services Agreement, this Benefit Booklet and any endorsements, amendments or riders attached, form the Administrative Services Agreement under which Covered Services are available under your health care benefits.

Many words used in this Benefit Booklet have special meanings. These words are capitalized. If the word or phrase was not explained in the text where it appears, it may be defined in the "Definitions" section. Refer to these definitions for the best understanding of what is being stated.

Your Employer has agreed to be subject to the terms and conditions of Anthem’s Provider agreements which may include pre-service review and utilization management requirements, coordination of benefits, timely filing limits, and other requirements to administer the benefits under this Plan.

If you have any questions about this Benefit Booklet, please call the member service number located on the back of your Identification (ID) Card or visit www.anthem.com.

How to Obtain Language Assistance

The Administrator is committed to communicating with Members about their health plan, regardless of their language. The Administrator employs a language line interpretation service for use by all of its Member Services call centers. Simply call the Member Services phone number on the back of your ID card and a representative will be able to assist you. Translation of written materials about your benefits can also be requested by contacting Member Services. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Identity Protection Services

Identity protection services are available with our Anthem health plans. To learn more about these services, please visit www.anthem.com/resources.
Grandfathered Health Plan

This Plan believes this coverage is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator or your Employer.

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

You may also contact the U.S. Department of Health and Human Services at www.healthcare.gov.

Choice of Primary Care Physician

The Plan generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in the Administrator’s Network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification card or refer to the Administrator’s website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from the Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in the Administrator’s network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to the Administrator’s website, www.anthem.com.
Member Rights and Responsibilities

As a Member you have rights and responsibilities when receiving health care. As your health care partner, we want to make sure your rights are respected while providing your health benefits. - Get the most up-to-date information from a health care Provider about the cause of your illness, your treatment and what may result from it. You can ask for help if you do not understand this information.

**You have the responsibility to:**

- Read all information about your health benefits and ask for help if you have questions.
- Follow all Plan rules and policies.

• Follow the health care plan that you have agreed on with your health care Providers.

We want to provide high quality benefits and customer service to our Members. Benefits and coverage for services given under the plan are governed by the Benefit Booklet and not by this Member Rights and Responsibilities statement.

14 DEFINITIONS ......................................................... M-97
The Schedule of Benefits is a summary of the Deductibles, Coinsurance, Copayments, maximums and other limits that apply when you receive Covered Services from a Provider. Please refer to the "Covered Services" section of this Benefit Booklet for a more complete explanation of the specific services covered by the Plan. All Covered Services are subject to the conditions, exclusions, limitations, terms and provisions of this Benefit Booklet including any endorsements, amendments, or riders.

This Schedule of Benefits lists the Member’s responsibility for Covered Services. To receive maximum benefits at the lowest Out-Of-Pocket expense, Covered Services must be provided by a Network Provider. Benefits for Covered Services are based on the Maximum Allowable Amount, which is the maximum amount the Plan will pay for a given service. When you use a Non-Network Provider you are responsible for any balance due between the Non-Network Provider’s charge and the Maximum Allowable Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges.

Copayments/Coinsurance/Maximums are calculated based upon the Maximum Allowable Amount, not the Provider’s charge.

Under certain circumstances, if the Plan pays the Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, the Plan may collect such amounts directly from you. You agree that the Plan has the right to collect such amounts from you.

Essential Health Benefits provided under this Plan are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime and/or annual dollar maximum.

Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories:

- Ambulatory patient services,
- Emergency services,
- Hospitalization,
- Maternity and newborn care,
- Mental health and substance use disorder services, including behavioral health treatment,
- Prescription drugs,
- Rehabilitative and habilitative services and devices,
- Laboratory services,
- Preventive and wellness services, and
- Chronic disease management and pediatric services, including oral and vision care.

Such benefits shall be consistent with those set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.

Prior to and after the Transplant Benefit Period, Covered Services will be paid as Inpatient Services, Outpatient Services or Physician Home Visits and Office Services depending where the service is performed.
5 COVERED SERVICES

This section describes the Covered Services available under your health care benefits when provided and billed by Providers. **For most services, care must be received from a Primary Care Physician (PCP), Specialty Care Physician (SCP) or another Network Provider to be a Covered Service, except for Emergency Care and Urgent Care. Services which are not received from a PCP, SCP or another Network Provider or approved as an Authorized Service will be considered a Non-Network service, except as specified above.** The amount payable for Covered Services varies depending on whether you receive your care from a PCP, SCP or another Network Provider or a Non-Network Provider, except for Emergency Care and Urgent Care.

If you use a Non-Network Provider, you are responsible for the difference between the Non-Network Provider’s charge and the Maximum Allowable Amount, in addition to any applicable Coinsurance, Copayment or Deductible. The Plan cannot prohibit Non-Network Providers from billing you for the difference in the Non-Network Provider’s charge and the Maximum Allowable Amount.

**All Covered Services and benefits are subject to the conditions, Exclusions, limitations, terms and provisions of this Benefit Booklet, including any attachments, riders and endorsements.** Covered Services must be Medically Necessary and not Experimental/Investigative. The fact that a Provider may prescribe, order, recommend or approve a service, treatment or supply does not make it Medically Necessary or a Covered Service and **does not** guarantee payment. To receive maximum benefits for Covered Services, you must follow the terms of the Plan, including receipt of care from a PCP, SCP or another Network Provider, and obtain any required Prior Authorization or Precertification. Contact your Network Provider to be sure that Prior Authorization/Precertification has been obtained. The Administrator bases its decisions about Prior Authorization, Precertification, Medical...
Necessity, Experimental/Investigative services and new technology on the Administrator’s clinical coverage guidelines and medical policy. The Administrator may also consider published peer-review medical literature, opinions of experts and the recommendations of nationally recognized public and private organizations which review the medical effectiveness of health care services and technology.

Benefits for Covered Services may be payable subject to an approved treatment plan created under the terms of this Benefit Booklet. **Benefits for Covered Services are based on the Maximum Allowable Amount for such service. The Plan’s payment for Covered Services will be limited by any applicable Coinsurance, Copayment, Deductible, or Benefit Period Limit/Maximum in this Benefit Booklet.**

**Ambulance Services**

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

  And one or more of the following criteria are met:

- For ground ambulance, you are taken:
  - From your home, the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when We require you to move from a Non-Network Hospital to a Network Hospital
  - Between a Hospital and a Skilled Nursing Facility or other approved Facility.

- For air or water ambulance, you are taken:
  - From the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when We require you to move from a Non-Network Hospital to a Network Hospital
  - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by Us. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is a Network or Non-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by Us. When using an air ambulance for non-Emergency transportation, We reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider We select, no benefits will be available.

You must be taken to the nearest Facility that can give care for your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include trips to:
a) A Doctor’s office or clinic;

b) A morgue or funeral home.

**Important Notes on Air Ambulance Benefits**

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility), or if you are taken to a Physician’s office or your home.

**Hospital to Hospital Transport**

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

**Autism Spectrum Disorders**

The diagnosis and treatment of Autism Spectrum Disorders for Members is covered. Injury as a result of chewing or biting is not considered an accidental injury unless the chewing or biting results from a medical or mental condition. "Initial" dental work to repair injuries due to an accident means performed within 12 months from the injury, or as reasonably soon thereafter as possible and includes all examinations and treatment to complete the repair. For a child requiring facial reconstruction due to dental related injury, there may be several years between the accident and the final repair.

For Diagnostic services other than those approved to be received in a Physician’s office, you may be required to use the Administrator’s independent laboratory Network Provider called the Reference Laboratory Network (RLN).

When Diagnostic radiology is performed in a Network Physician’s Office, no Copayment is required. Any Coinsurance from a Network or a Non-Network Physician will still apply.
Emergency Care and Urgent Care Services

See the Schedule of Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.

Emergency Care (including Emergency Room Services)

If you are experiencing an Emergency, call 9-1-1 or go to the nearest Hospital. Medically Necessary services which the Administrator determines to meet the definition of Emergency Care will be covered, whether the care is rendered by a Network Provider or Non-Network Provider. **Services that do not meet the definition of Emergency Care will not be covered.**

Emergency Care rendered by a Non-Network Provider will be covered as a Network service, however the Member may be responsible for the difference between the Non-Network Provider’s charge and the Maximum Allowable Amount, in addition to any applicable Coinsurance, Copayment or Deductible. Services that do not meet the definition of Emergency Care will not be covered.

The Maximum Allowed Amount for Emergency Care from a Non-Network Provider will be the greatest of the following:

- The amount negotiated with Network Providers for the Emergency service furnished;
- The amount for the Emergency Service calculated using the same method the Administrator generally uses to determine payments for Non-Network services but substituting the Network cost-sharing provisions for the Non-Network cost-sharing provisions; or
- The amount that would be paid under Medicare for the Emergency Service.

In addition, if you contact your Physician and are referred to a Hospital emergency room, benefits will be provided at the level for Emergency Care. Hospitals generally are open to treat an Emergency 24 hours a day, 7 days a week. **Follow-up care is not considered Emergency Care.**

Benefits are provided for treatment of Emergency medical conditions and Emergency screening and Stabilization services without Prior Authorization for conditions that reasonably appear to a prudent layperson to constitute an Emergency medical condition based upon the patient’s presenting symptoms and conditions. Benefits for Emergency Care include facility costs, Physician services, and supplies and Prescription Drugs.

Whenever you are admitted as an Inpatient directly from a Hospital emergency room, the Emergency Room Services Copayment/Coinsurance for that Emergency Room visit will be waived. For Inpatient admissions following Emergency Care, Precertification is not required. However, you must notify the Administrator, on behalf of the Employer, or verify that your Physician has notified the Administrator of your admission within 24 hours or as soon as possible within a reasonable period of time. When the Administrator is contacted, you will be notified whether the Inpatient setting is appropriate, and if appropriate, the number of days considered Medically Necessary. By calling the Administrator, you may avoid financial responsibility for any Inpatient care that is determined to be not Medically Necessary under your Plan. If your Provider does not have contract with the Administrator or is a BlueCard Provider, you will be financially responsible for any the Administrator, on behalf of the Employer determines is not Medically Necessary.

Care and treatment provided once you are Stabilized is no longer considered Emergency Care. Continuation of care from a Non-Network Provider beyond that needed to evaluate or Stabilize your condition in an Emergency will be covered as a Non-Network service unless the Administrator authorizes the continuation of care and it is Medically Necessary.
Urgent Care Center Services

Often an urgent rather than an Emergency medical problem exists. All Covered Services obtained at Urgent Care Centers are subject to the Urgent Care Copayment/Coinsurance. Urgent Care services can be obtained from a Network or Non-Network Provider. Covered Services rendered by a Non-Network Urgent Care Center will be covered as a Network service, however the Member may be responsible for the difference between the Non-Network Provider's charge and the Maximum Allowable Amount, in addition to any applicable Coinsurance, Copayment or Deductible. If you experience an accidental injury or a medical problem, the Plan will determine whether your injury or condition is an Urgent Care or Emergency Care situation for coverage purposes, based on your diagnosis and symptoms.

An Urgent Care medical problem is an unexpected episode of illness or an injury requiring treatment which cannot reasonably be postponed for regularly scheduled care. It is not considered an Emergency. Urgent Care medical problems include, but are not limited to, ear ache, sore throat, and fever (not above 104 degrees). Treatment of an Urgent Care medical problem is not life threatening and does not require use of an emergency room at a Hospital. If you call your Physician prior to receiving care for an urgent medical problem and your Physician authorizes you to go to an emergency room, your care will be paid at the level specified in the Schedule of Benefits for Emergency Room Services.

See your Schedule of Benefits for benefit limitations.

Endometriosis and Endometritis

Covered Services include coverage for diagnosis and treatment of endometriosis and endometritis.

Gene Therapy Services

Your plan includes benefits for gene therapy services, when Anthem approves the benefits in advance through Precertification. See “Health Care Management” for details on the Precertification process. To be eligible for coverage, services must be Medically Necessary and performed by an approved Provider at an approved treatment center. Even if a Provider is a Network Provider for other services it may not be an approved Provider for certain gene therapy services. Please call us to find out which providers are approved Providers. (When calling Member Services, ask for the Transplant Case Manager for further details.)

Human Organ and Tissue Transplant Services

See the Schedule of Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.

The transplant and tissue services benefits or requirements described below do not apply to the following:

- Cornea and kidney transplants; and
- Any Covered Services, related to a Covered Transplant Procedure, received prior to or after the Transplant Benefit Period.

The above services are paid as Inpatient Services, Outpatient Services or Physician Home Visits and Office Services depending where the service is performed.

Covered Transplant Procedure

Any Medically Necessary human organ and tissue transplants or transfusions as determined by the Administrator, on behalf of the Employer including necessary acquisition procedures, collection and storage, and including Medically Necessary preparatory myeloablative therapy.

Transplant Benefit Period

Starts one day prior to a Covered Transplant Procedure and continues for the applicable global time period (normally 34 -50 days depending on the type of transplant received) for services received at a Network Transplant Provider Facility or the later of 30 days or date of discharge following a Covered Transplant Procedure at a Non Network Transplant Provider Facility.
Prior Approval

In order to maximize your benefits, you are strongly encouraged to call the Administrator’s transplant department to discuss benefit coverage when it is determined a transplant may be needed. The Administrator will assist you in maximizing your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network Transplant Provider requirements, or Exclusions are applicable. Contact the Member Services telephone number on the back of your Identification Card and ask for the transplant coordinator. If benefits are approved through pre-determination, you or your Provider must call the Administrator’s Transplant Department for precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Please note that there are instances where your Provider requests approval for a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

The Plan will provide assistance with reasonable and necessary travel expenses as determined by the Administrator, on behalf of the Employer when you obtain prior approval and are required to travel more than 75 miles from your residence to reach the facility where your Covered Transplant Procedure will be performed. The Plan's assistance with travel expenses includes transportation to and from the facility and lodging for the patient and one companion. If the Member receiving treatment is a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two companions. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to the Administrator when claims are filed. Contact the Administrator at the Member Services number listed on your Identification Card for detailed information.

Certain Human Organ and Tissue Transplant Services may be limited. See the Schedule of Benefits.

**EXPERIMENTAL/INVESTIGATIVE SERVICES EXCLUSION**

Any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, injury, illness, or other health condition which the Administrator, on behalf of the Employer, determines in its sole discretion to be Experimental/Investigative is not covered under the Plan.

The Administrator, on behalf of the Employer, will deem any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental/Investigative if the Administrator, on behalf of the Employer, determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought. The Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply:

- cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;

- has been determined by the FDA to be contraindicated for the specific use; or

- is provided as part of a clinical research protocol or clinical trial or is provided in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply; or

- is subject to review and approval of an Institutional Review Board (IRB) or other body serving a similar function; or
• is provided pursuant to informed consent documents that describe the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply as Experimental/Investigative, or otherwise indicate that the safety, toxicity, or efficacy of the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is under evaluation.

Any service not deemed Experimental/Investigative based on the criteria above may still be deemed Experimental/Investigative by the Administrator, on behalf of the Employer. In determining whether a Service is Experimental/Investigative, the Administrator, on behalf of the Employer, will consider the information described below and assess whether:

• the scientific evidence is conclusive concerning the effect of the service on health outcomes;
• the evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
• the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
• the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

The information considered or evaluated by the Administrator, on behalf of the Employer to determine whether a Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative under the above criteria may include one or more items from the following list which is not all inclusive:

• published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
• evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or
• documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply; or
• documents of an IRB or other similar body performing substantially the same function; or
• consent document(s) and/or the written protocol(s) used by the treating Physicians, other medical professionals, or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply; or
• medical records; or
• the opinions of consulting Providers and other experts in the field.

The Administrator, on behalf of the Employer, has the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative.
You have coverage provided under the Plan because of your employment with/membership with/retirement from the Employer. You must satisfy certain requirements to participate in the Employer's benefit plan. These requirements may include probationary or waiting periods and Actively At Work standards as determined by the Employer or state and/or federal law and approved by the Administrator, on behalf of the Employer.

Your Eligibility requirements are described in general terms below. For more specific eligibility information, see your Human Resources or Benefits Department.

Eligibility

The following eligibility rules apply unless you are notified by the Employer.

Note: If both employees that work for the Diocese are full time, have no dependents, they should enroll in a single plan.

If Both employees that work for the Diocese are full time, have dependents, they should enroll in the family plan.

Subscriber

To be eligible to enroll as a Subscriber, an individual must:

- Non-Academic - An employee of the Diocese who regularly works twenty (20) or more hours per week will be eligible to enroll for coverage under this Plan. Other employees such as temporary or seasonal will not be eligible to enroll for coverage under this Plan.

- Academic - Half Time Employees: Those employees of the Diocese will be eligible for coverage under this Plan as determined by the contract with the Diocese.

- Lay-Persons - Who Retire On or After September 1, 2002: An employee who retires prior to age sixty-five (65), is at least the age of sixty (60), has four (4) years and nine (9) months or more years of service with the Employer, and is considered eligible under the Diocese's retirement plan, may continue coverage under the Plan until the date the retiree becomes eligible for Medicare. This extension also applies to the retiree's dependents until the date the retiree becomes eligible for Medicare. Note: There is no coverage for a retiree or the retiree's dependents once the retiree becomes eligible for Medicare.

- Individuals - Who Retired Prior to September 1, 2002 and Religious Persons: An employee who retires prior to age sixty-five (65), is at least the age of sixty (60), has four (4) years and nine (9) months or more years of service with the Employer, and is considered eligible under the Diocese's retirement plan, may continue coverage under the Plan. This Plan will pay secondary to Medicare once the retiree becomes eligible for Medicare. This extension also applies to the retiree’s dependents.
Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Employer and be:

- The Subscriber's spouse. For information on spousal eligibility please contact the Employer.

- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Employer has determined are covered under a “Qualified Medical Child Support Order” as defined by any applicable state law).

- Children for whom the Subscriber or the Subscriber's spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits.

Eligibility will be continued past the age limit only for those already enrolled Dependents who cannot work to support themselves due to mental retardation or physical or mental handicap. These Dependents must be allowed as a federal tax exemption by the Subscriber or Subscriber's spouse. The Dependent's disability must start before the end of the period they would become ineligible for coverage. The Plan must certify the Dependent's eligibility. The Plan must be informed of the Dependent's eligibility for continuation of coverage within 31 days after the Dependent would normally become ineligible. You must notify the Administrator and/or the Employer if the Dependent’s marital or tax exemption status changes and they are no longer eligible for continued coverage.

The Plan may require the Subscriber to submit proof of continued eligibility for any enrolled child. Your failure to provide this information could result in termination of a child's coverage.

To obtain coverage for children, the Administrator may require that the Subscriber complete a “Dependency Affidavit” and provide the Administrator and/or Employer with a copy of any legal documents awarding guardianship of such child(ren) to the Subscriber. Temporary custody is not sufficient to establish eligibility under the Plan.

College Student Medical Leave

The Plan will extend coverage for up to one year when a college student otherwise would lose eligibility, if a child takes a Medically Necessary leave of absence from a postsecondary educational institution. Coverage will continue for up to one year of leave, unless Dependent coverage ends earlier under another Plan provision, such as the parent's termination of employment or the child’s age exceeding the Plan’s limit.

**Medically Necessary change in student status.** The extended coverage is available if a college student would otherwise lose coverage because a serious illness or injury requires a Medically Necessary leave of absence or a change in enrollment status (for example, a switch from full-time to part-time student status). The Plan must receive written certification from the child's Physician confirming the serious illness or injury and the Medical Necessity of the leave or change in status.

**Coverage continues even if the plan changes.** Dependent coverage will continue during the leave as if the child had maintained student eligibility. This requirement applies even if a Plan changes during the extended period of coverage.
Out of Service Area Dependent Child Coverage

Benefits for Covered Services will be provided for enrolled Dependent children who reside outside of the Service Area due to such children attending an out of Service Area educational institution or residing with the Subscriber's former spouse. Benefits are payable at the Network level and are limited to the Maximum Allowable Amount. Payment is subject to any Coinsurance, Copayment and/or Deductible. You may be responsible for any amount in excess of the Maximum Allowable Amount.

If you are eligible to enroll as a Member, you must enroll at the time agreed upon by the Plan. Otherwise, you may only enroll during the Open Enrollment period or during a Special Enrollment period, whichever is applicable.

Enrollment

Initial Enrollment

An Eligible Person can enroll for Single or Family Coverage by submitting an application to the Plan. The application must be received by the date stated on the Administrative Services Agreement or the Plan’s underwriting rules for initial application for enrollment. Coverage will be effective based on the waiting period chosen by the Employer, and will not exceed 90 days. If the Administrator does not receive the initial application by this date, the Eligible Person can only enroll for coverage during the Open Enrollment period or during a Special Enrollment period, whichever is applicable.

If a person qualifies as a Dependent but does not enroll when the Eligible Person first applies for enrollment, the Dependent can only enroll for coverage during the Open Enrollment period or during a Special Enrollment period, whichever is applicable.

It is important for you to know which family members are eligible to apply for benefits under Family Coverage. See the section on Eligible Dependents.

Continuous Coverage

If you were covered by the Employer’s prior carrier or plan immediately prior to the Employer’s enrollment with Anthem Blue Cross Blue Shield, with no break in coverage, then you will receive credit for any accrued Deductible and, if applicable and approved by the Employer, Out of Pocket amounts under that other plan. This does not apply to persons who were not covered by the prior carrier or plan on the day before the Employer’s coverage, or to persons who join the Employer later.

If your Employer moves from one Anthem Blue Cross Blue Shield plan to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately prior to enrolling in this product with no break in coverage, then you may receive credit for any accrued Deductible and Out of Pocket amounts, if applicable and approved by the Employer. Any maximums, when applicable, will be carried over and charged against the maximums under the Plan.

If your Employer offers more than one Anthem product, and you change from one Anthem product to another with no break in coverage, you will receive credit for any accrued Deductible and, if applicable, Out of Pocket amounts any maximums.

If your Employer offers coverage through other products or carriers in addition to Anthem’s, and you change products or carriers to enroll in this Anthem product with no break in coverage, you will receive credit for any accrued Deductible, Out of Pocket, and any maximums.

This Section Does Not Apply To You If You:
• Change from an individual Anthem Blue Cross Blue Shield policy to a group Anthem Blue Cross Blue Shield plan;

• Change employers and both have Anthem Blue Cross Blue Shield coverage; or

• Are a new Member of the Employer who joins the Employer after the Employer's initial enrollment with the Employer.

Newborn and Adopted Child Coverage

Newborn children of the Subscriber or the Subscriber's spouse will be covered for illness or injury for an initial period of 31 days from the date of birth. Coverage for newborns will continue beyond the 31 days only if the Subscriber submits through the Employer, or the Plan, a request to add the child under the Subscriber's Plan. The request must be submitted within 31 days after the birth of the child. Failure to notify the Plan during this 31 day period will result in no coverage for the newborn beyond the first 31 days, except as permitted for a Late Enrollee.

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Adding a Child due to Award of Legal Custody or Guardianship

If a Subscriber or the Subscriber's spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage would start on the date the court granted legal custody or guardianship. If the Administrator does not receive an application within the 31-day period, the child will be treated as a Late Enrollee.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by applicable state or federal law, to enroll your child under the Plan, the Plan will permit your child to enroll at any time without regard to any Open Enrollment limits and shall provide the benefits of the Plan in accordance with the applicable requirements of such order. A child's coverage under this provision will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits. Any claims payable under the Plan will be paid, at the Plan's discretion, to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. The Employer will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to the Administrator directly.

Special Enrollment/Special Enrollees

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 31 days after your other coverage ends (or within 60 days after Medicaid coverage ends) after
your or your Dependents’ other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents in the Plan, provided that you request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

If the Plan receive an application to add your Dependent or an Eligible Person and Dependent more than 31 days after the qualifying event, the Plan will not be able to enroll that person until the Employer’s next Open Enrollment.

Eligible Employees and Dependents may also enroll under two additional circumstances:

- the Employee’s or Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or

- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program) under Medicaid or CHIP.

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination. If the Plan receives an application to add your Dependent or an Eligible Person and Dependent more than 60 days after the loss of Medicaid/CHIP or of the eligibility determination, that person is only eligible for coverage as a Late Enrollee the Plan will not be able to enroll that person until the Employer’s next Open Enrollment.

Application forms are available from the Employer.

**Late Enrollees**

You are considered a Late Enrollee if you are an Eligible Person or Dependent who did not request enrollment for coverage:

- During the initial enrollment period; or

- During a Special Enrollment period; or

- As a newly eligible Dependent who failed to qualify during the Special Enrollment period and did not enroll within 31 days of the date you were first entitled to enroll.

You will not be enrolled for coverage with the Plan until the next Open Enrollment Period.

**Open Enrollment Period**

Open Enrollment means a period of time (at least 31 days prior the Employer’s renewal date and 31 days following) which is held no less frequently than once in any 12 consecutive months.

An Eligible Person or Dependent who did not request enrollment for coverage during the initial enrollment period, or during a Special Enrollment period, may apply for coverage at any time, however, will not be enrolled until the Employer’s next annual enrollment.
Notice of Changes

The Subscriber is responsible to notify the Employer of any changes which will affect his or her eligibility or that of Dependents for services or benefits under the Plan. The Plan must be notified of any changes as soon as possible but no later than within 31 days of the event. This includes changes in address, marriage, divorce, death, change of Dependent disability or dependency status, enrollment or disenrollment in another health plan or Medicare. Failure to notify the Administrator, on behalf of the Employer, of persons no longer eligible for services will not obligate the Plan to pay for such services. Acceptance of payments from the Employer for persons no longer eligible for services will not obligate the Plan to pay for such services.

Family Coverage should be changed to Single Coverage when only the Subscriber is eligible. When notice is provided within 31 days of the event, the Effective Date of coverage is the event date causing the change to Single Coverage. The Plan must be notified when a Member becomes eligible for Medicare.

All notifications by the Employer must be in writing and on approved forms. Such notifications must include all information reasonably required to effect the necessary changes.

A Member’s coverage terminates on the last day of the billing period in which the Member ceases to be in a class of Members eligible for coverage. The Plan has the right to bill the Subscriber for the cost of any services provided to such person during the period such person was not eligible under the Subscriber’s coverage.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender or age.

Effective Date of Coverage

For information on your specific Effective Date of Coverage under the Plan, please see your human resources or benefits department. You can also contact the Administrator by calling the number located on the back of your Identification (ID) Card or by visiting www.anthem.com.
Termination

Except as otherwise provided, your coverage may terminate in the following situations. The information provided below is general and the actual effective date of termination may vary based on your Employer’s specific requirements:

- If you terminate your coverage, termination will be effective on the last day of the billing period in which the Administrator received your notice of termination.

- Subject to any applicable continuation requirements, if you cease to meet eligibility requirements as outlined in this Benefit Booklet, your coverage will terminate on the last day of the billing period. If you cease to be eligible due to termination of employment, your coverage will terminate on the last day of the billing period you were employed by the Employer. You must notify your Employer immediately if you cease to meet the eligibility requirements. You shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.

- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a thirty (30) calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying the Plan for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Fees paid for such services.

- A Dependent’s coverage will terminate the last day of the billing period in which notice was received by the Administrator that the person no longer meets the definition of Dependent.

- If coverage is through an association, coverage will terminate on the date membership in the association ends.

- If you elect coverage under another carrier’s health benefit plan or under any other non-Anthem plan which is offered by, through, or in connection with the Employer as an option instead of this Plan, then coverage for you and your Dependents will terminate the last day of the billing period for which Fees have been paid.

- If you fail to pay or fail to make satisfactory arrangements to pay any amount due to the Plan or Network Providers (including the failure to pay required Deductibles and/or Copayments), the Employer may terminate your coverage and may also terminate the coverage of all your Dependents, generally effective immediately upon their written notice to you.

- If you permit the use of your or any other Member’s Plan Identification Card by any other person; use another person’s card; or use an invalid card to obtain services, your coverage will terminate immediately upon written notice. Any Subscriber or Dependent involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowable Amount for services received through such misuse.
Removal of Members

Upon written request through the Employer, a Subscriber may cancel the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services provided after the Member’s termination date.

Continuation of Benefits (Self Pay Privilege)

A covered person whose coverage has been terminated for any qualifying event enumerated below has the right to continue coverage for all benefits of this Plan if covered for such benefits on the day immediately preceding the termination date. A child born or placed for adoption with a covered employee during the continuation period will also be eligible for continuation of benefits.

The time period for which the continuation is available is indicated below in conjunction with the corresponding qualifying event.

If Self Pay Privilege is elected, coverage will continue as though termination of employment or loss of eligible status had not occurred. Any accumulation of Deductibles or benefits paid prior to termination or loss of eligibility, which had been credited toward any Deductible or maximum benefit of this Plan, will be retained.

Self Pay Privilege may not be denied to an individual who had coverage under another group health plan or Medicare prior to a qualifying event.

Also, no new or additional waiting periods or Pre-Existing Condition limitation requirements will apply. If any changes are made to the coverage for employees Actively At Work, the coverage provided to the individuals under this continuation provision will be similarly changed.

Qualifying Events

An **eighteen (18) month** continuation is available to employees and/or Dependents in the event of any one or both of the following qualifying events:

1. An employee’s termination of employment for any reason except gross misconduct;
2. An employee’s loss of eligibility to participate due to reduced work hours.

In the event an employee and/or Dependent has both qualifying events happen, the total length of the continuation will not exceed eighteen (18) months.

A **twenty-nine (29) month** continuation shall be available to all covered family members in the event a covered person is disabled on or before the date of the employee’s qualifying event, or is disabled during the first sixty (60) days of the Self Pay Privilege continuation.

The covered person must provide the Administrator with notice of the disability within sixty (60) days of the determination of the disability and before the end of the original eighteen (18) month Self Pay Privilege coverage period. The covered person must notify the Administrator of a determination by Social Security that the individual is no longer disabled within thirty (30) days of such determination.

A covered person will be determined disabled per Social Security guidelines.

A **thirty-six (36) month** continuation shall be available to a Dependent spouse and/or child in the event of any one of the following qualifying events:

1. An employee’s death;
2. Divorce or legal separation from the employee;
3. A Dependent child's loss of eligibility to participate;
4. A Dependent's loss of eligibility to participate in this Plan due to the employee becoming entitled to Medicare benefits as a result of a disability or choosing Medicare in place of this Plan at age sixty-five (65).

Individuals may be covered under multiple qualifying events, but in no case will coverage be continued for more than thirty-six (36) months.

A continuation may also be available to a retiree or the Dependent of a retiree in the event of the Employer's filing of a bankruptcy proceeding under Title 11 of United States Code (considered a qualifying event). Please see the Self Pay Privilege administrator for further details regarding this continuation.

**Notice of Continuation**

A covered person has sixty (60) days from the date of loss of coverage as a result of a qualifying event or sixty (60) days from the date the Administrator notifies the covered person of their rights, whichever is longer, to elect coverage. The Administrator will also notify the covered person regarding the cost of the continuation. (Payment of premium for the period from the date of loss of coverage to election of continuation is not required until the forty-fifth (45th) day after the election). All subsequent payments for coverage after the date of election are subject to a thirty (30) day grace period.

If a covered person waives coverage under Self Pay Privilege, and later re-elects coverage within the sixty (60) days, the covered person will be eligible to continue coverage under Self Pay Privilege. However, coverage will not begin until the date of the revocation of the waiver.

The covered person is required to notify the Administrator within sixty (60) days of any qualifying event which affects the eligibility of a Dependent.

**Termination of Continuation of Coverage**

Continuation of Coverage shall not be provided beyond whichever of the following dates is first to occur:

1. The date the maximum continuation period expires for the corresponding qualifying event;
2. The date this Plan is terminated;
3. The date the individual fails to make the required contribution to continue coverage;
4. The date the individual becomes covered under any other group health plan after the date of Self Pay Privilege election which does not contain any exclusion or limitation with respect to any Pre-Existing Condition;
5. The date the individual has satisfied the Pre-Existing Condition limitation of the group health plan the individual has become covered under after the date of Self Pay Privilege election;
6. The date the individual becomes entitled to Medicare benefits after the date of Self Pay Privilege election; or
7. In the month that begins more than thirty (30) days after a final determination has been made that an individual is no longer disabled.
Continuation of Coverage Due To Military Service

In the event you are no longer Actively At Work due to military service in the Armed Forces of the United States, you may elect to continue health coverage for yourself and your Dependents (if any) under the Plan in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

“Military service” means performance of duty on a voluntary or involuntary basis, and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

You may elect to continue to cover yourself and your eligible Dependents (if any) under the Plan by notifying your employer in advance and payment of any required contribution for health coverage. This may include the amount the Employer normally pays on your behalf. If Your military service is for a period of time less than 31 days, You may not be required to pay more than the active Member contribution, if any, for continuation of health coverage.

If continuation is elected under this provision, the maximum period of health coverage under the Plan shall be the lesser of:

1. The 24-month period beginning on the first date of your absence from work; or
2. The day after the date on which You fail to apply for or return to a position of employment.

Regardless whether you continue your health coverage, if you return to your position of employment your health coverage and that of your eligible Dependents (if any) will be reinstated under the Plan. No exclusions or waiting period may be imposed on you or your eligible Dependents in connection with this reinstatement unless a sickness or injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

Family and Medical Leave Act of 1993

A Subscriber who is taking a period of leave under the Family and Medical Leave Act of 1993 (the Act) will retain eligibility for coverage during this period. The Subscriber and his or her Dependents shall not be considered ineligible due to the Subscriber not being Actively At Work.

If the Subscriber does not retain coverage during the leave period, the Subscriber and any eligible Dependents who were covered immediately prior to the leave may be reinstated upon return to work without medical underwriting and without imposition of an additional waiting period for Pre-Existing Conditions. To obtain coverage for a Subscriber upon return from leave under the Act, the Employer must provide the Administrator with evidence satisfactory to the Employer of the applicability of the Act to the Subscriber, including a copy of the health care Provider statement allowed by the Act.
Network Providers are the key to providing and coordinating your health care services. Benefits are provided when you obtain Covered Service from Providers; however, the broadest benefits are provided for services obtained from a Primary Care Physician (PCP), Specialty Care Physician (SCP), or other Network Providers. Services you obtain from any Provider other than a PCP, SCP or another Network Provider are considered a Non-Network Service, except for Emergency Care, Urgent Care, or as an Authorized Service. Contact a PCP, SCP, other Network Provider, or the Administrator to be sure that Prior Authorization and/or precertification has been obtained.

If a Non-Network Provider meets the Administrator’s enrollment criteria and is willing to meet the terms and conditions for participation, that Provider has the right to become a Network Provider for the product associated with the Plan.

Network Services and Benefits

If your care is rendered by a PCP, SCP, or another Network Provider benefits will be paid at the Network level. Regardless of Medical Necessity, no benefits will be provided for care that is not a Covered Service even if performed by a PCP, SCP, or another Network Provider. All medical care must be under the direction of Physicians. The Administrator, on behalf of the Employer, has final authority to determine the Medical Necessity of the service.

The Administrator, on behalf of the Employer, may inform you that it is not Medically Necessary for you to receive services or remain in a Hospital or other facility. This decision is made upon review of your condition and treatment. You may appeal this decision. See the Your Right To Appeal section of this Benefit Booklet.

- **Network Providers** - include Primary Care Physicians (PCP), Specialty Care Physicians (SCP), other professional Providers, Hospitals, and other facility Providers who contract with the Administrator to perform services for you. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians & gynecologists, geriatrician or other Network Providers as allowed by the Plan. The Primary Care Physician is the Physician who may provide, coordinate, and arrange your health care services. SCP’s are Network Physicians who provide specialty medical services not normally provided by a PCP. Referrals are never needed to visit a Network Specialist including behavioral health Providers.

To see a doctor, call their office:

- Tell them you are an Anthem Member,
- Have your Member Identification Card handy. The doctor’s office may ask you for your group or Member ID number.
- Tell them the reason for your visit.
- When you go to the office, be sure to bring your Member Identification Card with you.

For services rendered by Network Providers:
1. You will not be required to file any claims for services you obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from the Plan and not from you except for approved Coinsurance, Copayments and/or Deductibles. You may be billed by your Network Provider(s) for any non-Covered Services you receive or when you have not acted in accordance with the Plan.

2. Health Care Management is the responsibility of the Network Provider.

If there is no Network Provider who is qualified to perform the treatment you require, contact the Administrator prior to receiving the service or treatment and the Administrator, on behalf of the Employer, may approve a Non-Network Provider for that service as an Authorized Service.

After Hours Care

If you need care after normal business hours, your doctor may have several options for you. You should call your doctor’s office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Non-Network Services

Services which are not obtained from a PCP, SCP, or another Network Provider or not an Authorized Service will be considered a Non-Network Service. The only exception is Emergency Care and Urgent Care. In addition, certain services are not covered unless obtained from a Network Provider, see your Schedule of Benefits.

For services rendered by a Non-Network Provider, you are responsible for:

- The difference between the actual charge and the Maximum Allowable Amount plus any Deductible and/or Coinsurance/Copayments;
- Services that are not Medically Necessary;
- Non-Covered Services;
- Filing claims; and
- Higher cost sharing amounts.

How to Find a Provider in the Network

There are three ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See the directory of Network Providers at www.anthem.com, which lists the doctors, Providers, and Facilities that participate in this plan’s network.
- Call Member Services to ask for a list of doctors and Providers that participate in this plan’s network, based on specialty and geographic area.
- Check with your doctor or Provider.
If you need details about a Provider's license or training, or help choosing a doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see “Inter-Plan Arrangements” in the “Claims Payment” section.

Relationship of Parties (Plan - Network Providers)

The relationship between the Plan and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of the Plan, nor is the Plan, or any employee of the Plan, an employee or agent of Network Providers.

The Plan shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by a Member while receiving care from any Network Provider or in any Network Provider's facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or the Plan.

Not Liable for Provider Acts or Omissions

The Plan is not responsible for the actual care you receive from any person. The Plan does not give anyone any claim, right, or cause of action against the Plan based on the actions of a Provider of health care, services or supplies.

Identification Card

When you receive care, you must show your Identification Card. Only a Member who has paid the Premiums under the Plan has the right to services or benefits under the Plan. If anyone receives services or benefits to which they are not entitled to under the terms of this Benefit Booklet, he/she is responsible for the actual cost of the services or benefits.

CLAIMS PAYMENT

When you receive care through a Network Provider, you are not required to file a claim. This means that the provisions below, regarding Claim Forms and Notice of Claim, do not apply unless the Provider did not file the claim.
A claim must be filed for you to receive Non-Network Services benefits, but many Non-Network Hospitals, Physicians and other Providers will still submit your claim for you. If you submit the claim, use a claim form.

How Benefits Are Paid

Maximum Allowable Amount

General

This section describes how the Administrator determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by Network and Non-Network Providers is based on this/your Plan’s Maximum Allowed Amount for the Covered Service that You receive. Please see the “Inter-Plan Arrangements” section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement the Plan will allow for services and supplies:

- that meet the Plan’s definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded;

- that are Medically Necessary; and

- that are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in Your Benefit Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met your Deductible or have a Copayment or Coinsurance. In addition, when You receive Covered Services from a Non-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges. This amount can be significant.

When You receive Covered Services from Provider, the Administrator will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect the Administrator’s determination of the Maximum Allowed Amount. The Administrator’s application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means the Administrator has determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Physician or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.
**Provider Network Status**

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or a Non-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Excellence/or other closely managed specialty network, or who has a participation contract with the Administrator. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this/your Plan is the rate the Provider has agreed with the Administrator to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit www.anthem.com.

Providers who have not signed any contract with the Administrator and are not in any of the Administrator’s networks are Non-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services You receive from a Non-Network Provider, the Maximum Allowed Amount for this Plan will be one of the following as determined by the Administrator:

1. An amount based on the Administrator’s Non-Network Provider fee schedule/rate, which the Administrator has established in its’ discretion, and which the Administrator reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar providers contracted with the Administrator, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or

2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or

3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care, or

4. An amount negotiated by the Administrator or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management, or

5. An amount based on or derived from the total charges billed by the Non-Network Provider.

**Providers who are not contracted for this product, but are contracted for other products with the Administrator are also considered Non-Network. For this/your Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between the Administrator and that Provider specifies a different amount.**

For Covered Services rendered outside Anthem’s Service Area by Non-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan’s non-participating provider fee schedule/rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.
Unlike Network Providers, Non-Network Providers may send You a bill and collect for the amount of the Provider’s charge that exceeds the Plan’s Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower Out of Pocket costs to You. Please call Member Services for help in finding a Network Provider or visit the Administrator’s website at www.anthem.com.

Member Services is also available to assist You in determining this/your Plan’s Maximum Allowed Amount for a particular service from a Non-Network Provider. In order for the Administrator to assist You, You will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider’s charges to calculate your Out of Pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

**For Prescription Drugs:** The Maximum Allowed Amount is the amount determined by the Administrator using prescription drug cost information provided by the Pharmacy Benefits Manager (PBM).

**Member Cost Share**

For certain Covered Services and depending on your plan design, You may be required to pay a part of the Maximum Allowed Amount as Your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether You received services from a Network or Non-Network Provider. Specifically, You may be required to pay higher cost sharing amounts or may have limits on your benefits when using Non-Network Providers. Please see the Schedule of Benefits in this Benefit Booklet for your cost share responsibilities and limitations, or call Member Services to learn how this Plan’s benefits or cost share amounts may vary by the type of Provider You use.

The Plan will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by a Network or Non Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, your benefit caps or day/visit limits.

In some instances You may only be asked to pay the lower Network cost sharing amount when You use a Non-Network Provider. For example, if You go to a Network Hospital or Provider facility and receive Covered Services from a Non-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Network Hospital or facility, You will pay the Network cost share amounts for those Covered Services. However, You also may be liable for the difference between the Maximum Allowed Amount and the Non-Network Provider's charge.

We and/or our designated pharmacy benefits manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Plan and which positively impact the cost effectiveness of Covered Services. These amounts are retained by us. These amounts will not be applied to your Deductible, if any, or taken into account in determining your Copayment or Coinsurance.

**The following are examples for illustrative purposes only; the amounts shown may be different than this Benefit Booklet’s cost share amounts; see Your Schedule of Benefits for Your applicable amounts.**
Example: Your plan has a Coinsurance cost share of 20% for Network services, and 30% for Non-Network services after the Network or Non-Network Deductible has been met.

You undergo a surgical procedure in a Network Hospital. The Hospital has contracted with a Non-Network anesthesiologist to perform the anesthesiology services for the surgery. You have no control over the anesthesiologist used.

- The Non-Network anesthesiologist’s charge for the service is $1200. The Maximum Allowed Amount for the anesthesiology service is $950; Your Coinsurance responsibility is 20% of $950, or $190 and the remaining allowance from the Plan is 80% of $950, or $760. You may receive a bill from the anesthesiologist for the difference between $1200 and $950. Provided the Deductible has been met, your total Out of Pocket responsibility would be $190 (20% Coinsurance responsibility) plus an additional $250, for a total of $440.

- You choose a Network surgeon. The charge was $2500. The Maximum Allowed Amount for the surgery is $1500; Your Coinsurance responsibility when a Network surgeon is used is 20% of $1500, or $300. The Plan allows 80% of $1500, or $1200. The Network surgeon accepts the total of $1500 as reimbursement for the surgery regardless of the charges. Your total out of pocket responsibility would be $300.

- You choose a NON-NETWORK surgeon. The Non-Network surgeon’s charge for the service is $2500. The Maximum Allowed Amount for the surgery service is $1500; Your Coinsurance responsibility for the NON-NETWORK surgeon is 30% of $1500, or $450 after the NON-NETWORK Deductible has been met. The Plan allows the remaining 70% of $1500, or $1050. In addition, the Non-Network surgeon could bill you the difference between $2500 and $1500, so your total Out of Pocket charge would be $450 plus an additional $1000, for a total of $1450.

Authorized Services

In some circumstances, such as where there is no Network Provider available for the Covered Service, the Plan may authorize the Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from a Non-Network Provider. In such circumstance, you must contact the Administrator in advance of obtaining the Covered Service. The Plan also may authorize the Network cost share amounts to apply to a claim for Covered Services if you receive Emergency services from a Non-Network Provider and are not able to contact the Administrator until after the Covered Service is rendered. If the Plan authorizes a Network cost share amount to apply to a Covered Service received from a Non-Network Provider, you may also still be liable for the difference between the Maximum Allowed Amount and the Non-Network Provider’s charge. Please contact Member Services for Authorized Services information or to request authorization.

The following are examples for illustrative purposes only; the amounts shown may be different than this Benefit Booklet’s cost share amounts; see Your Schedule of Benefits for your applicable amounts.

Example:

You require the services of a specialty Provider; but there is no Network Provider for that specialty in your state of residence. You contact the Administrator in advance of receiving any Covered Services, and the Plan authorizes you to go to an available Non-Network Provider for that Covered Service and the Plan agrees that the Network cost share will apply.

Your plan has a $45 Copayment for Non-Network Providers and a $25 Copayment for Network Providers for the Covered Service. The Non-Network Provider’s charge for this service is $500. The Maximum Allowed Amount is $200.
Because the Plan have authorized the Network cost share amount to apply in this situation, You will be responsible for the Network Copayment of $25 and the Plan will be responsible for the remaining $175 of the $200 Maximum Allowed Amount.

Because the Non-Network Provider’s charge for this service is $500, You may receive a bill from the Non-Network Provider for the difference between the $500 charge and the Maximum Allowed Amount of $200. Combined with your Network Copayment of $25, your total out of pocket expense would be $325.

Services Performed During Same Session

The Plan may combine the reimbursement of Covered Services when more than one service is performed during the same session. Reimbursement is limited to the Plan’s Maximum Allowable Amount. If services are performed by Non Network Providers, then you are responsible for any amounts charged in excess of the Plan’s Maximum Allowable Amount with or without a referral or regardless if allowed as an Authorized Service. Contact the Administrator for more information.

Payment of Benefits

You authorize the Plan to make payments directly to Providers for Covered Services. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims sent to, an Alternate Recipient (any child of a Subscriber who is recognized, under a Qualified Medical Child Support Order (QMSCO), as having a right to enrollment under the Employer’s Plan), or that person’s custodial parent or designated representative. Any payments made by the Plan will discharge the Plan’s obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone else, except as required by a "Qualified Medical Child Support Order" as defined by any applicable state law.

Once a Provider performs a Covered Service, the Plan will not honor a request to withhold payment of the claims submitted.

Claims Review

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Non-Network Providers could be balanced billed by the Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider’s failure to submit medical records with the claims that are under review in these processes.

Notice of Claim

The Plan is not liable, unless the Administrator receives written notice that Covered Services have been given to you. The notice must be given to the Administrator, on behalf of the Employer, within 90 days of receiving the Covered Services, and must have the data the Administrator needs to determine benefits. If the notice submitted does not include sufficient data the Administrator needs to process the claim, then the necessary data must be submitted to the Administrator upon request or no benefits will be payable except as otherwise required by law.

Failure to give the Administrator notice within 90 days will not reduce any benefit if you show that the notice was given as soon as reasonably possible. No notice of an initial claim, nor additional information on a claim can be submitted later than one year after the 90 day filing period ends, and no
request for an adjustment of a claim can be submitted later than 24 months after the claim has been
paid, unless an extension is required by federal law.

Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, either send a
written request for claim forms to the Administrator, or contact Member Services and ask for claim forms
to be sent to you. We will send such to you within 15 days. If you do not receive the claim forms within
15 days, written notice of services rendered may be submitted to the Administrator without the claim
form. The same information that would be given on the claim form must be included in the written
notice of claim. This includes:

• Name of patient.

• Patient's relationship with the Subscriber.

• Identification number.

• Date, type and place of service.

• Your signature and the Provider's signature.

Member’s Cooperation

Each Member shall complete and submit to the Plan such authorizations, consents, releases, assignments
and other documents as may be requested by the Plan in order to obtain or assure reimbursement under
Medicare, Workers’ Compensation or any other governmental program. Any Member who fails to
cooperate (including a Member who fails to enroll under Part B of the Medicare program where Medicare
is the responsible payer) will be responsible for any charge for services.

Explanation of Benefits (EOB)

After you receive medical care, you will generally receive an explanation of benefits (EOB). The EOB is a
summary of the coverage you receive. The EOB is not a bill, but a statement from the Plan to help you
understand the coverage you are receiving. The EOB shows:

• Total amounts charged for services/supplies received.

• The amount of the charges satisfied by your coverage.

• The amount for which you are responsible (if any).

• General information about your appeals rights and information regarding the right to bring action
  after the Appeals Process.
Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Anthem will still fulfill it’s contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Anthem.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price the Plan used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.
The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. **Special Cases: Value-Based Programs**

*BlueCard® Program*

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

*Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements*

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Employer on your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. **Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the Administrator will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. **Nonparticipating Providers Outside Anthem’s Service Area**

1. **Allowed Amounts and Member Liability Calculation**

   When Covered Services are provided outside of Anthem’s Service Area by non-participating providers, the Plan may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the Plan will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. **Exceptions**

   In certain situations, Anthem may use other pricing methods, such as billed charges or the pricing Anthem would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount the Plan will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment the Plan makes for the Covered Services as set forth in this paragraph.

F. **Blue Cross Blue Shield Global Core® Program**

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core® benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.
When you are traveling abroad and need medical care, you can call the Blue Cross Blue Shield Global Core® Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact the Administrator for preauthorization. Keep in mind, if you need Emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the Health Care Management section in this Benefit Booklet for further information. You can learn how to get preauthorization when you need to be admitted to the hospital for Emergency or non-emergency care.

**How Claims are Paid with Blue Cross Blue Shield Global Core®**

In most cases, when you arrange inpatient hospital care with Blue Cross Blue Shield Global Core®, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Doctors services;
- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core®; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need Blue Cross Blue Shield Global Core® claim forms you can get international claims forms in the following ways:

- Call the Blue Cross Blue Shield Global Core® Service Center at the numbers above; or

You will find the address for mailing the claim on the form.
Your plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care.

Certain Services must be reviewed to determine Medical Necessity in order for you to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem, on behalf of the Employer, may decide that a service that was asked for is not Medically Necessary if you have not tried other treatments that are more cost effective.

If you have any questions regarding the information contained in this section, you may call the Member Services telephone number on the back of your Identification Card or visit www.anthem.com.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if it is determined that your services are Medically Necessary. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews:

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

- **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Physician must tell the Administrator within 24 hours of the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Physician with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

• **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the Administrator has a related clinical coverage guideline and are typically initiated by the Administrator.

**Who is Responsible for Precertification?**

Typically, Network Providers know which services require Precertification and will obtain any required Precertification when needed. Your Primary Care Physician and other Network Providers have been provided detailed information regarding Health Care Management procedures and are responsible for assuring that the requirements of Health Care Management are met. The ordering Provider, facility or attending Physician (“requesting Provider”) will contact the Administrator to request a Precertification. However, you may request a Precertification or you may designate an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

### How Decisions are Made

The Administrator will utilize its’ clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to assist the Plan in making Medical Necessity decisions. These guidelines reflect the standards of practice and medical interventions identified as appropriate medical practice. The Administrator reserves the right to review and update these clinical coverage guidelines periodically.

You are entitled to receive, upon request and free of charge, reasonable access to any documents relevant to your request.

If you are not satisfied with the Plan’s decision under this section of your benefits, please refer to the “Your Right to Appeal” section to see what rights may be available to you.

### Decision and Notification Requirements

Timeframes and requirements listed are based on federal regulations. If you reside and/or receive services in a state other than the state where your contract was issued other state-specific Health Care Management requirements may apply. You may call the telephone number on the back of your membership card for additional information.

If additional information is needed to make the Administrator’s decision, the Administrator will notify the requesting Provider. If the Administrator does not receive the specific information requested or if the information is not complete by the required timeframe, a decision will be made based upon the information in the Administrator’s possession.

We will notify you and your Provider of the decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

**Important Information**

On behalf of the Employer, Anthem may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number on the back of your ID card.

Anthem also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then Anthem may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan’s Members.

**Health Plan Individual Case Management**

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.
Our Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health plan case management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, We will help you meet your identified health care needs. This is reached through contact and team work with You and/or Your chosen authorized representative, treating Physician(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums. We will make any recommendation to the Plan for alternate or extended benefits on a case-by-case basis, if in our discretion the alternate or extended benefit is in the best interest of you and the Plan and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify you or your authorized representative in writing.

**Voluntary Wellness Incentive Programs**

We may offer health or fitness related program options for purchase by Your Employer to help you achieve Your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under your Plan and could be discontinued at any time. If your Employer has selected one of these options to make available to all Employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options an Employer may select, You may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If You think You might be unable to meet the standard, You might qualify for an opportunity to earn the same reward by different means. You may contact Us at the Member Services number on Your ID card and We will work with You (and, if You wish, Your Physician) to find a wellness program with the same reward that is right for You in light of Your health status. (If You receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to You. For additional guidance, please consult your tax advisor.)

**Voluntary Clinical Quality Programs**

The Administrator may offer additional opportunities to assist You in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) within a specific timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage You to get certain care when You need it and are separate from Covered Services under this Plan. These programs are not guaranteed and could be discontinued at any time. The Administrator will give you the choice and if You choose to participate in one of these programs, and obtain the recommended care within the program’s timeframe, You may receive incentives such as gift cards or retailer coupons, which you are encouraged to use for health and wellness related activities or items.
Under other clinical quality programs, You may receive a home test kit that allows You to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit. (If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, the Administrator recommends that you consult your tax advisor.)

Value-Added Programs

The Administrator may offer health or fitness related programs to the Plan’s Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under the Plan but are in addition to plan benefits. As such, program features are not guaranteed under the Plan and could be discontinued at any time. The Administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.
We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID card.

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial or rescission; and
- you are entitled to a full and fair review of the denial or rescission.

The procedure the Claims Administrator will follow will satisfy the requirements for a full and fair review under applicable federal regulations.

**Notice of Adverse Benefit Determination**

If your claim is denied, the Administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which the Administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan’s review procedures and the time limits that apply to them, including a statement of your right to bring a civil action if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision; and
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision;
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you.
For claims involving urgent/concurrent care:

- the Administrator’s notice will also include a description of the applicable urgent/concurrent review process; and
- the Administrator may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

**Appeals**

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The Administrator's review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

The Administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the Administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the Administrator's decision, can be sent between the Administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider’s name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member’s authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, P.O. Box 105568; Atlanta, GA 30348-5568.

**You must include Your Member Identification Number when submitting an appeal.**

Upon request, the Administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. “Relevant” means that the document, record, or other information:

- was relied on in making the benefit determination; or
• was submitted, considered, or produced in the course of making the benefit determination; or
• demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or
• is a statement of the plan’s policy or guidance about the treatment or benefit relative to your diagnosis.

The Administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the Administrator will provide you, free of charge, with the rationale.

How Your Appeal will be Decided

When the Administrator considers your appeal, the Administrator will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the Administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the Administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the Administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the Administrator will include all of the information set forth in the above section entitled “Notice of Adverse Benefit Determination.”

If the Administrator fails to resolve the appeal with the required time, you may pursue external review as described later in this section. This option is not available, however, if the failure to resolve the appeal is due to a de minimus violation that does not cause harm to you or is not likely to cause
prejudice or harm to you, if the delay is for good cause or due to matters beyond the Administrator's control, and is part of an ongoing, good faith exchange of information between you and the Administrator.

**Voluntary Second Level Appeals**

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

**External Review**

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the Administrator within four (4) months of the notice of your final internal adverse determination.

A request for a External Review must be in writing unless the Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the Administrator's internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Administrator's decision, can be sent between the Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the Administrator at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross and Blue Shield, ATTN: Appeals, , P.O. Box 105568; Atlanta, GA 30348-5568.

You must include Your Member Identification Number when submitting an appeal.
This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws.

**Requirement to file an Appeal before filing a lawsuit**

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan’s final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan’s latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan’s internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

The Administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

**13 GENERAL PROVISIONS**

**Entire Contract**

This Benefit Booklet, the Administrative Services Agreement, the Employer’s application, any Riders, Endorsements or Attachments, and the individual applications of the Subscriber and Dependents, if any, constitute the entire Contract between the Plan and the Employer and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Plan by the Employer and any and all statements made to the Employer by the Plan are representations and not warranties, and no such statement, unless it is contained in a written application for coverage under the Plan, shall be used in defense to a claim under the Plan.

**Form or Content of Benefit Booklet**

No agent or employee of the Administrator is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by a person authorized to sign on behalf of the Employer.

**Disagreement with Recommended Treatment**

Each Member enrolls in the Plan with the understanding that they, in consultation with their Providers, are responsible for determining the treatment appropriate for their care. You may, for personal reasons, refuse to accept procedures or treatment recommended by your Providers.Providers may regard such refusal to accept their recommendations as incompatible with continuance of the Physician-patient relationship and as obstructing the provision of proper medical care. In this event, the Provider shall have no further responsibility to provide care to you, and the Plan shall have no obligation to have Network Providers available who will render the care.
If you refuse to follow a recommended treatment or procedure, and the Provider believes that no professionally acceptable alternative exists, you will be so advised. In such case, neither the Plan, nor any Provider shall have any further responsibility to provide care in the case of the Provider, and to arrange care in the case of the Plan for the condition under treatment or any complications thereof.

**Care Coordination**

Anthem, as the Claims Administrator, pays Network Providers in various ways to provide Covered Services to you. For example, sometimes Anthem may pay Network Providers a separate amount for each Covered Service they provide. Anthem may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, Anthem may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, Anthem may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by Network Providers to Anthem under these programs.

**Circumstances Beyond the Control of the Plan**

If circumstances arise that are beyond the control of the Plan, the Plan will make a good-faith gesture to arrange an alternative method of providing coverage. Circumstances that may occur, but are not within the control of the Plan, include but are not limited to, a major disaster or epidemic, complete or partial destruction of facilities, a riot, civil insurrection, labor disputes that are out of the control of the Plan, disability affecting a significant number of a Network Provider's staff or similar causes, or health care services provided under the Plan are delayed or considered impractical. Under such circumstances, the Plan and Network Providers will provide the health care services covered by the Plan as far as is practical under the circumstances, and according to their best judgment. However, the Plan and Network Providers will accept no liability or obligation for delay, or failure to provide or arrange health care services if the failure or delay is caused by events/circumstances beyond the control of the Plan.

**Confidentiality and Release of Information**

Applicable state and federal law requires us to undertake efforts to safeguard your medical information. For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.
Coordinated of Benefits

Applicability

This provision applies when you have health care coverage under more than one Plan. For the purposes of this provision, "Plan" is defined below.

If this provision applies, the Order of Benefit Determination Rules specify whether the benefits of this Plan are determined before or after those of another Plan. The benefits of this Plan:

1. Will not be reduced when, under the Order of Benefit Determination Rules, this Plan determines its benefits before another Plan; but
2. May be reduced when, under the Order of Benefit Determination Rules, another Plan determines its benefits first. The reduction is described under the heading "Effects on the Benefits of this Plan."

Definitions

Plan - this Plan and any other arrangement providing health care or benefits for health care through:

1. Group insurance or group-type coverage whether insured or uninsured. This includes prepayment group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
2. Individual insurance for individual-type coverage. This includes prepayment, group practice, or individual practice coverage.
3. Coverage under a governmental Plan or coverage required or provided by law except Medicaid.
4. Any other coverage which, as defined by the Employee Retirement Income Security Act of 1974, is a labor-management trustee Plan, a union welfare Plan, an employee organization Plan or an employee benefit organization.
5. Any other coverage provided because of sponsorship by or membership in any other association, union, or similar organization.

"Plan" is not any of the following:

1. Group or group-type fixed indemnity medical expense reimbursement policies.
2. School accident-type coverage for grammar, high school, and college students for accidents only, including athletic injuries, either on a 24 hour basis or on a "to and from" school basis.

Primary Plan/Secondary Plan - the Order of Benefit Determination Rules state whether this Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When this Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When this Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.
**Allowable Expense** - a health care service or expense including Deductibles, Coinsurance or Copayment, that is covered in full or in part by any of the plans covering the person.

The difference between the cost of a private Hospital room and the cost of a semiprivate Hospital room is not considered an Allowable Expense under the above definition unless the patient’s stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice or as specifically defined in this Plan.

When a Plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

When the benefits are reduced under a Primary Plan because a Member does not comply with the Plan provisions, the amount of such reduction will not be considered an Allowable Expense. Examples of such provisions are those related to second surgical opinions, Precertification of admissions or services, and Preferred Provider arrangements. Only benefit reductions based upon provisions similar to this one and which are contained in the Primary Plan may be excluded from Allowable Expenses. This provision shall not be used by a Secondary Plan to refuse to pay benefits because a health maintenance organization (HMO) Member has elected to have health care services provided by a non-HMO Provider and the HMO, pursuant to its Contract, is not obligated to pay for providing those services.

Allowable Expense does not include any expenses incurred or claims made under the Prescription Drug program of this Plan.

Allowable Expense does not include the amount that is subject to the Primary high-deductible health plan's deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

**Claim Determination Period** - means a calendar year. However, it does not include any part of a year during which a person has no coverage under this Plan, or any part of a year before the date this COB provision or a similar provision takes effect.

**Benefit Reserve** - means the savings recorded by a Plan for claims paid for a Member as a Secondary Plan rather than as a Primary Plan.

**Order of Benefit Determination Rules**

When there is a basis for a claim under this Plan and another Plan, this Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless:

1. The other Plan has rules coordinating its benefits with those of this Plan; and
2. Both those rules and this Plan’s rules require that this Plan’s benefits be determined before those of the other Plan.

This Plan determines its order of benefits using the first of the following rules which applies:

1. Non-Dependent/Dependent. The benefits of the Plan which covers the person as an employee or Subscriber (that is, other than as a Dependent) are determined before those of the Plan which covers the person as a Dependent.
2. Dependent Child/Parents not Separated or Divorced. Except as stated in paragraph 3. below, when this Plan and another Plan cover the same child as a Dependent of different parents who are not separated or divorced:
a. The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in the year; if (1) the parents are married; (2) the parents are not separated (whether or not they ever have been married); or (3) a court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage; but

b. If both parents have the same birthday, the benefits of the Plan which covered one parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

3. Dependent Child/Separated or Divorced Parents. If two or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

   a. First, the Plan of the parent with custody of the child;
   b. Then, the Plan of the spouse of the parent with custody of the child;
   c. Then, the Plan of the parent not having custody of the child; and
   d. Finally, the Plan of the spouse of the non-custodial parent.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the Plan has actual knowledge of those terms, the benefits of that Plan are determined first. The Plan of the other parent will be the Secondary Plan. If the parent with financial responsibility has no coverage for the child’s health care services or expenses, but that parent’s spouse does, the spouse’s Plan is primary. This subclause does not apply to any Claim Determination Period or plan year during which any benefits are actually paid or provided before the entity has actual knowledge.

4. Joint Custody. If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the Order of Benefit Determination Rules outlined in paragraph 2.

5. Active/Inactive Subscriber. The benefits of a Plan which covers a person as an employee who is neither laid off nor retired or as that employee's Dependent are determined before those of a Plan which covers that person as a laid off or retired employee or as that employee's Dependent. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule 5 is ignored. This rule does not supersede rule 1 above.

6. Continuation Coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:

   a. First, the benefits of a Plan covering the person as an employee, Subscriber or as that person’s Dependent;
   b. Second, the benefits under the continuation coverage. If the other Plan does not have the rule described above and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

7. Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the Plan which covered the person longer are determined before those of the Plan which covered that person for the shorter term. If none of the preceding rules determines the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.
Effect on this Plan’s Benefits

When a Member is covered under two or more Plans which together pay more than the Allowable Expense, the Plan will pay this Plan’s benefits according to the Order of Benefit Determination Rules. This Plan’s benefit payments will not be affected when it is Primary. However, when the Plan is Secondary under the Order of Benefit Determination Rules, benefits payable will be reduced, if necessary, so that combined benefits of all Plans covering you or your Dependent do not exceed the Allowable Expense.

When this Plan is Secondary, you will receive credit during the calendar year for the amount by which your benefits are reduced. This credit will not be applied to the extent that would cause you to receive:

1. A combined benefit from all Plans greater than the Allowable Expense; or
2. More benefits during a calendar year than you would receive if there were no other coverage.

When the benefits of this Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan. If this Plan is secondary, any Benefit Reserve accumulated for a Member will be used to pay Allowable Expenses of that Member only, not otherwise paid during the Claim Determination Period. The Benefit Reserve, if any, will return to zero at the end of the Claim Determination Period.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. The Plan has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. The Plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under the Plan must give the Plan any facts it needs to pay the claim.

Facility of Payment

A payment made under another Plan may include an amount which should have been paid under this Plan. If it does, the Plan may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. The Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payment made by the Plan is more than it should have paid under this provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;
2. Insurance companies; or
3. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefit provided in the form of services.
**Medicare**

Any benefits covered under both this Plan and Medicare will be paid pursuant to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services (CMS) guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Plan provisions, and federal law.

Except when federal law requires the Plan to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to Members shall be reimbursed by or on behalf of the Members to the Plan, to the extent the Plan has made payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to Medicare.gov for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

**Physical Examination**

When a claim is pending, the Plan reserves the right to request a Member to be examined by an applicable Provider. This will be requested as often as reasonably required.

**Workers’ Compensation**

The benefits under the Plan are not designed to duplicate benefits that Members are eligible for under the Workers’ Compensation Law. All money paid or owed by Workers’ Compensation for services provided to a Member shall be paid back by, or on behalf of, the Member to the Plan if the Plan has made or makes payment for the services received. It is understood that coverage under the Plan does not replace or affect any Workers’ Compensation coverage requirements.

**Other Government Programs**

The benefits under the Plan shall not duplicate any benefits that Members are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require the Plan to be the primary payer. If the Plan has duplicated such benefits, all money paid by such programs to Members for services they have or are receiving, shall be paid by or on behalf of the Member to the Plan.

**Subrogation and Reimbursement**

These provisions apply when the Plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance, uninsured/underinsured motorist proceeds, worker’s compensation insurance or fund, “no-fault” insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.
Subrogation

The Plan has the right to recover payments it makes on your behalf from any party responsible for compensating you for your injuries. The following apply:

- The Plan has first priority for the full amount of benefits it has paid from any Recovery regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses and injuries.

- You and your legal representative must do whatever is necessary to enable the Plan to exercise the Plan’s rights and do nothing to prejudice them.

- In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

- The Plan has the right to take whatever legal action it sees fit against any party or entity to recover the benefits paid under the Plan.

- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan’s subrogation claim and any claim still held by you, the Plan’s subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.

- The Plan is not responsible for any attorney fees, other expenses or costs you incur. The Plan further agrees that the “common fund” doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Reimbursement

If you obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following apply:

- You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery. Further, the Plan’s rights will not be reduced due to your negligence.

- You and your legal representative must hold in trust for the Plan the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the Plan immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the Plan’s equitable lien applies is a Plan asset.

- Any Recovery you obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these provisions.
• You must reimburse the Plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

• If you fail to repay the Plan, it shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:
  1. The amount the Plan paid on your behalf is not repaid or otherwise recovered by the Plan; or
  2. You fail to cooperate.

• In the event that you fail to disclose to the Plan the amount of your settlement, the Plan shall be entitled to deduct the amount of the Plan’s lien from any future benefit under the Plan.

• The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse you.

• The Plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate or make you whole.

Your Duties

• You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to you occurred, all information regarding the parties involved and any other information requested by the Plan.

• You must cooperate with the Plan in the investigation, settlement and protection of the Plan’s rights. In the event that you or your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

• You must not do anything to prejudice the Plan’s rights.

• You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.

• You must promptly notify the Plan if you retain an attorney or if a lawsuit is filed on your behalf.

• You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The Plan Sponsor has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this Plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.
The Plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

**Right of Recovery and Adjustment**

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered. Except in cases of fraud, we will only recover such payment from the Provider during the 24 months after the date we made the payment on a claim submitted by the Provider.

The Administrator, on behalf of the Employer, has oversight responsibility for compliance with Provider and vendor and Subcontractor contracts. The Administrator, on behalf of the Employer, may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider, Vendor, or Subcontractor resulting from these audits if the return of the overpayment is not feasible. Additionally, the Administrator, on behalf of the Employer, has established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. The Administrator, on behalf of the Employer, will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount.

**Relationship of Parties (Employer-Member Plan)**

Neither the Employer nor any Member is the agent or representative of the Plan.

The Employer is responsible for passing information to the Member. For example, if the Plan gives notice to the Employer, it is the Employer’s responsibility to pass that information to the Member. The Employer is also responsible for passing eligibility data to the Plan in a timely manner. If the Employer does not provide the Plan with timely enrollment and termination information, the Plan is not responsible for the payment of Covered Services for Members.

**Anthem Blue Cross and Blue Shield Note**

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Benefit Booklet and the Administrative Services Agreement constitutes a contract solely between the Employer and Anthem Health Plans of Kentucky, Inc. dba Anthem Blue Cross and Blue Shield (Anthem), and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the Commonwealth of Kentucky. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. This paragraph shall not create any additional obligations whatsoever on the part of Anthem other than those obligations created under other provisions of this agreement.
Conformity with Law

Any provision of this Plan which is in conflict with federal law, of the jurisdiction in which the plan is delivered and is not in conflict with Church teachings, is hereby automatically amended to conform with the minimum requirements of such laws.

Clerical Error

A clerical error will never disturb or affect a Member’s coverage, as long as the Member’s coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Employer or the Plan.

Policies and Procedures

The Employer is able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules and interpretations.

Under the terms of the Administrative Services Agreement, the Administrator has the authority, in its sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management or wellness initiatives which may result in the payment of benefits not otherwise specified in this Benefit Booklet. The Administrator reserves the right to discontinue a pilot or test program at any time.

Program Incentives

We, on behalf of the Employer, may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. The purpose of these incentives include making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. We may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem’s medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem’s medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.
Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of a Network Provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to You, but instead, are based on the Network Provider’s achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and You do not share in any payments made by Network Providers to us under the Program(s).

Waiver

No agent or other person, except an authorized officer of the Plan, is able to disregard any conditions or restrictions contained in this Benefit Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Employer’s Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

Anthem shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. Anthem’s determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan’s Maximum Allowable Amount. A member may utilize all applicable appeals procedures.

• Result in serious impairment to your bodily functions; or

• Result in serious dysfunction of one of your organs or body parts.

With respect to a pregnant woman who is having contractions, the absence of medical attention would reasonably be expected to result in:

- Obtained from a Provider;
- Provided in accordance with applicable medical and/or professional standards;
- Known to be effective, as proven by scientific evidence, in materially improving health outcomes;
- The most appropriate supply, setting or level of service that can safely be provided to the Member and which cannot be omitted consistent with recognized professional standards of care (which, in the case of hospitalization, also means that safe and adequate care could not be obtained in a less comprehensive setting);
- Cost-effective compared to alternative interventions, including no intervention or the same intervention in an alternative setting. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of the Member’s illness, injury or disease, the service is not more costly than an alternative service or sequence of services that is medically appropriate.
For example, the Plan will not provide coverage for an Inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a Specialty Drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician’s office or the home setting;

- Not Experimental/Investigative;
- Not primarily for the convenience of the Member, the Member’s family or the Provider.
- Not otherwise subject to an exclusion under this Benefit Booklet.

The fact that a Provider may prescribe, order, recommend, or approve care, treatment, services or supplies does not, of itself, make such care, treatment, services or supplies Medically Necessary or a Covered Service and does not guarantee payment.
