

Learn NFP Online by Marriage Ministries

www.learnnfponline.com

A couple choosing this instruction method would download and print the informational sheets and sample charts and then watch a series of three video segments featuring an engaging couple that teaches and practices the Billings Ovulation Method. There will be reflection questions to answer following each video segment and at the end the system will create a Certificate of Completion. The video segments are as follows: Overview and Witness, How the Billings Ovulation Method Works, Applying the Rules and Keeping Record.

If you choose to start charting and continue learning NFP after completing this course, Marriage Ministries can connect you to a certified NFP instructor to work with you individually or you may choose to begin working with a local instructor. Go to www.learnnfponline.com to register.

Cost: \$49 for initial instruction, \$120 for follow-up appointments with Marriage Ministries or \$40 for follow-up with local instructors
